## **ACKNOWLEDGEMENT**

The sense of contention and elation that accompanies the success of this seminar and the report could be incomplete without mentioning the names of people who have helped me in accomplishing them, people whose constant guidance, support and encouragement resulted in the realization.

We ourselves privileged to express our gratitude and respect towards all those who guided us through the project, “**HOTEL MANAGEMENT SYSTEM**”.

We take this opportunity to thank **Dr. C NANJUNDASWAMY, PRINCIPAL Dr. Ambedkar Institute of Technology**, Bengaluru for his support and encouragement.

We are grateful to **Dr. Siddaraju, Head of Department, CSE, Dr. Ambedkar Institute of Technology**, Bengaluru for providing encouragement and support.

We consider ourselves privileged to express our gratitude and respect towards our guide **Mrs. Veena Potdar, Associate Proffessor, Department of CSE, Dr. Ambedkar Institute of Technology** and **Mrs. Megha.L Assistant Proffessor, Department of CSE Dr. Ambedkar Institute of Technology** for constant guidance and support for the completion of the project.

Lastly, we thank all the members of the staff both teaching and non-teaching, friends and last but not the least our parents and family, for helping me directly or indirectly in the completion of the project.

**CHETHANA S MURTHY  
KEERTHI B S**

## **ABSTRACT**

The paper developed an automated system that is used to manage car information and its administration. This was with a view to eliminate the problem of inappropriate data keeping, inaccurate reports, time wastage in storing, processing and reserving information encountered by the traditional car rental system in order to improve the overall efficiency of the organization. The design provides excellent car rental management service and improved information structure.
